

## Unable to View Current Job Openings

During login, some users are constantly redirected to the “Login” page. This occurs because their browsers don't accept “session cookies.” To overcome this, you'll need to enable “cookies” in your browser. To enable cookies follow the following instructions

### **Internet Explorer 6.x users:**

1. Go to the “Tools” menu on your browser and Select "Internet Options”
2. Click on the "Privacy" tab and press "Advanced..."
3. Check "Override automatic cookie handling"
4. Check "Always allow session cookies"
5. Accept both options to allow first and third party cookies
6. Click "OK"

### **Mozilla Firefox users:**

1. Go to the “Tools” menu on your browser and Select "Options..."
2. Click on the "Privacy" button (the lock icon)
3. Under the “Cookies” section, Check "Accept cookies from sites"
4. Under "Keep Cookies:" Select "Until they expire"
5. Click "OK"

### **Internet Explorer 4.x and 5.x users:**

1. Go to the “Tools” menu on your browser and Select "Internet Options”
2. Click on the "Security" tab
3. Highlight the "Internet" icon and click "Custom Level..."
4. Select "Enable" on all radio buttons under "Cookies"
5. Click "OK"

### **Netscape 6.x users:**

1. Go to the “Edit” menu in your browser and Select "Preferences"
2. Click on the "Privacy & Security" Option
3. Click on the "Cookies" Option
4. Choose "Enable All Cookies"
5. Click "OK"

### **Netscape 4.x users:**

1. Go to the “Edit” menu in your browser and Select "Preferences"
2. Click on the "Advanced" Option
3. Choose "Accept All Cookies" under "Cookies"
4. Click "OK"
